IL MONDO OLUCE HOME, CONTRACT & BESPOKE

Fondata nel 1945, Oluce rappresenta la più storica azienda italiana di design ancora attiva nel campo dell'illuminazione. L'azienda è stata infatti in grado di costruire negli anni una collezione strutturata come un racconto, abitato da prodotti capaci di superare le mode per divenire icone del design e protagonisti di reinterpretazioni di grandi artisti di fama mondiale.

Oggetti di grande personalità, le lampade di Oluce si inseriscono con disinvoltura in ambientazioni di raffinata eleganza, ambienti domestici così come eleganti spazi pubblici.

L'esperienza tecnica dell'azienda e il suo legame con il mondo del progetto hanno dato vita, inoltre, al Bespoke Tailoring, una speciale sezione dedicata al contract. Un servizio di "personalizzazione prodotto", pensato appositamente per questo genere di realizzazioni. Oltre alla proposta disponibile a catalogo, infatti, l'azienda offre la possibilità di realizzare lampade su misura per esigenze specifiche oppure di produrre varianti modulabili di prodotti a collezione già esistenti.

Founded in 1945, Oluce is the oldest Italian design company still active in the field of lighting. This fact has enabled the company to build up a collection over the years with the structure of a narrative, populated by products that transcend fashion, becoming icons of design and the subject of reinterpretation by world-famous artists.

Oluce lamps are objects of great character, integrating with ease into settings of refined elegance, whether in domestic surroundings or stylish public spaces.

Moreover, the company's technical experience and its ties to the design world form the basis for its special contract section, Bespoke Tailoring, a product customisation service designed specifically with this type of production in mind. In addition to the range available in the catalogue, the company offers the option to create custom-made lights to meet a specific need, or to produce modular variations on pre-existing models from the collection.

**COLLECTION 2019
IN, OUT, IN**

Le lampade di Oluce rivendicano un'estetica progettuale incisiva, disegnata, decorativa, una bellezza sottile, quasi intellettuale.

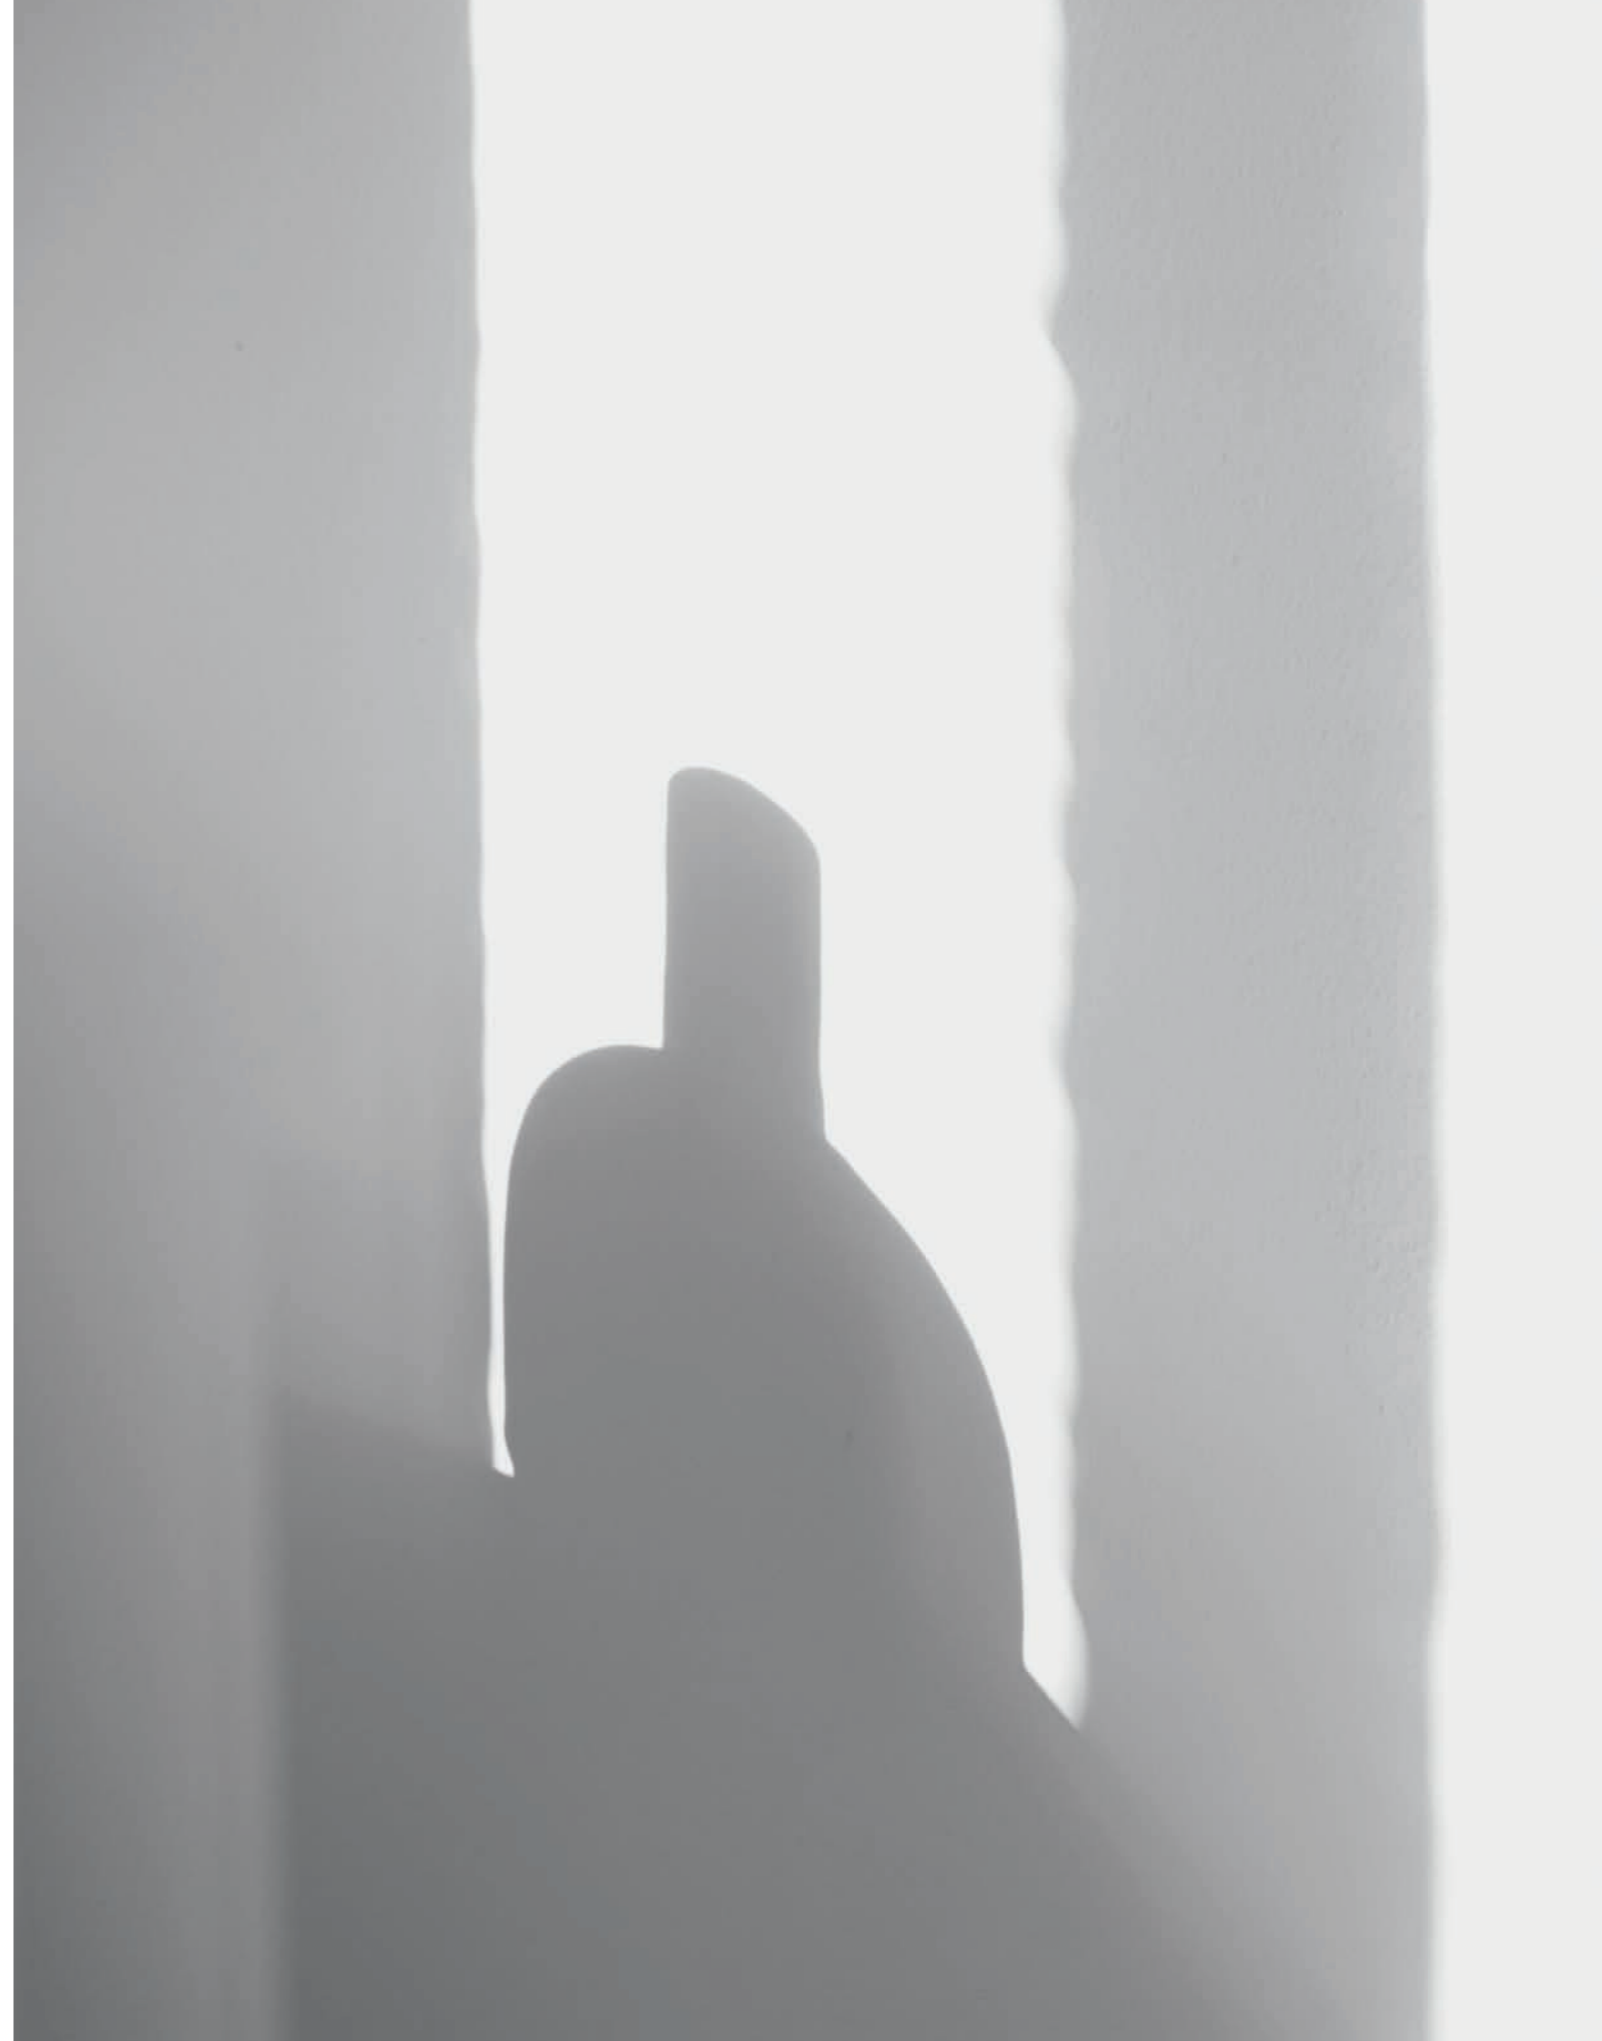

La nuova collezione presentata in occasione di Euroluce fa tesoro della profonda cultura progettuale, del know-how e di uno stile che da oltre 70 anni contraddistingue l'azienda nel panorama dell'illuminazione.

I nuovi prodotti presentati sono espressione di un'estetica ben definita e di un nuovo modo di intendere gli spazi. Lampade in-out-in, riedizioni firmate da maestri del design quanto mai attuali, progetti inediti - destinati a diventare le nuove icone dell'azienda - e prodotti disegnati da studenti e giovani promesse del design, in un'operazione di talent *scouting* alla sua seconda edizione.

Oluce lighting affirms a crisp, linear, decorative design aesthetic with a subtle, almost intellectual, beauty.

This new collection, launched on the occasion of Euroluce, draws on the deep design culture, expertise and style that have been making the company stand out on the lighting scene for over 70 years.

These new products are the expression of a clearly defined aesthetic and a new way of interpreting space. In-out-in lighting, reissued lamps by masters of design, as contemporary today as ever, original new designs destined to become company classics, and products designed by students and promising young designers, an exercise in talent *scouting* already in its second edition.
