

oluce Milano dal 1945

MILANO, DAL 1945

Fondata nel 1945, Oluce rappresenta la più storica azienda italiana di design ancora attiva nel campo dell'illuminazione. L'azienda è stata infatti in grado di costruire negli anni una collezione strutturata come un racconto, abitato da prodotti capaci di superare le mode per divenire icone del design italiano. Già presente alla IX triennale di Milano, nel corso della sua lunga storia Oluce ha ricevuto numerosi riconoscimenti, tra cui due Compassi d'Oro, due Design Award e la Medaglia d'Oro alla XIII Triennale di Milano. Le sue lampade compaiono nelle più importanti collezioni permanenti di design del mondo.

Founded in 1945, Oluce represents the oldest Italian design company in the lighting field still active, a symbol of a reality that withstood the test of time. Over the years, the company has been able to create a collection structured as if it were a story, with products capable of surpassing trends to become icons of Italian design. Oluce, already present at the 9th Triennale in Milan, throughout its long history has received numerous acknowledgements, including two Golden Compass awards, two Design Awards and the Gold Medal at the 13th Triennale in Milan. Its lamps take pride of place in the most important permanent design collections worldwide.

EXPERIENCE

L'esperienza di Oluce rivela un'eccellenza produttiva unica che traduce in forme un'appassionata ricerca tecnologica sulle potenzialità della luce, di cui ogni lampada costituisce una tappa. Materiali inconsueti, forme inedite e nuove fonti luminose hanno dato vita nel tempo a progetti rivoluzionari firmati da Tito Agnoli, Joe Colombo, Marco Zanuso e Vico Magistretti che dagli anni '50 hanno riscritto la storia dell'illuminazione. Le collezioni recenti confermano lo spirito progettuale e decorativo dei prodotti di Oluce, interpretato dalle linee di designer italiani e internazionali come Angeletti&Ruzza, Francesco Rota, Astori/De Ponti, Nendo, Victor Vasilev, Nicola Gallizia, Christophe Pillet e Mist-o

Oluce experience reveals a unique manufacturing excellence that translates keen technological research of lighting potential into shape, of which each lamp represents a stage. Over time, unusual materials, unprecedented shapes and new light sources have given life to revolutionary projects designed by Tito Agnoli, Joe Colombo, Marco Zanuso and Vico Magistretti who have contributed to the rewriting of the history of lighting since the 1950s. The most recent collections confirm the design and decorative spirit of Oluce's products, interpreted by the signs of Italian and international designers such as Angeletti&Ruzza, Francesco Rota, Astori/De Ponti, Nendo, Victor Vasilev, Nicola Gallizia, Christophe Pillet and Mist-o

BESPOKE TAILORING

L'esperienza tecnica dell'azienda e il suo legame con il mondo del progetto hanno dato vita in tempi recenti al Bespoke Tailoring, una speciale sezione dedicata al contract. Il Bespoke Tailoring si configura come un servizio di "personalizzazione prodotto" pensato appositamente per questo genere di realizzazioni. Oltre alla proposta disponibile a catalogo, infatti, l'azienda offre la possibilità di realizzare lampade su misura per esigenze specifiche oppure di produrre varianti modulabili di prodotti a collezione già esistenti.

The company technical knowledge and its bond with the project world have recently resulted in the establishment of the Bespoke Tailoring service, a special section dedicated to contract solutions. Bespoke Tailoring is considered a "product personalisation" service, especially designed for this type of creations. In addition to the products that are available in the catalogue, the company offers the possibility to create bespoke lamps to fulfil specific needs or to produce adaptable versions of products from existing collections.

SPACES

Grazie alla loro potenza espressiva, prodotti a catalogo e varianti personalizzate sono stati scelti nel tempo da architetti e progettisti di tutto il mondo per caratterizzare ambienti preziosi e ricercati. Oluce compare, tra gli altri, all'interno di progetti come il Room Mate Giulia Hotel, firmato da Patricia Urquiola, il MeMilan "Il Duca", di Arassociati Studio di Architettura con Alvaro Sans e Nicola Gallizia e nell'ultimo albergo della catena Roomers a Baden Baden progettato da Lissoni Architettura con KHP architekten.

Thanks to their visual potential, both products in the catalogue and personalized variations have been chosen over time by international architects and designers to characterize polished and refined locations. Among others you can find Oluce in projects such as Room Mate Giulia Hotel by Patricia Urquiola, MeMilan "Il Duca", by Arassociati Studio di Architettura with Alvaro Sans and Nicola Gallizia and in the last hotel of the chain Roomers in Baden Baden designed by Lissoni Architettura with KHP architekten.
